“I am very excited to receive a Shona Bible from you. I was very happy to have my own Bible. My parents are not yet converted to Christ. They were not interested in buying me a Bible. Help me to pray for them. I can read Shona well, so the Bible will help me to keep reading the word of God and grow as a Christian. I will use my Bible to share the Gospel of Christ with my parents and friends.”

Disaster Response

James and Allison, a couple in their 40s, lived in a house he had purchased from his mom. He has been going through cancer treatments and only has one more to go before he is cancer free. She lost her job because the flooding destroyed her place of employment. He is still employed through the school system. They are going through a lot. Their house received 2 feet of flooding. They got out around 3:30 am, but by 9:30 their house was under water. Their house was already built 4 feet above the water. They share a lot of memories in that house, especially since James grew up there. We have come alongside them to help them with their recovery.

“Our mission is to not only to provide food for the children but also to share the Gospel of Jesus Christ with the children and their families. There is an African proverb which says ‘Empty bellies have no ears.’ If we are to share the Gospel, we also need to meet the physical needs of those we are sharing our hope with. You have made this possible through your Harvest of Talents Program, and many souls have been converted to Christ and have found hope in Him. Through your generous support, we are receiving additional numbers into the Kingdom. The churches are growing and many churches are praying for more nursery schools to bring village people to the Lord. In Pokot, where there is a Church, there is a Nursery School and a water well. Through such generous acts, more souls are won to Christ. It’s a blessing to our community and it’s our prayer that this program continues in years to come.”

Community Development

“We are constantly hearing about new ways that Christ is moving in West Africa. Our teammates weekly recount stories of the ways our various efforts are impacting villages and communities throughout the country.

Over the years, we have had the opportunity to dig several wells in villages that previously had no access to clean water. These wells have had a tremendous impact on the lives of thousands of people. They are also great tools for our churches and have served as meeting points for leaders and believers to share the Good News of Jesus.”

Cleft Lip/Palate Surgery
\$300

Our team of 10 people including 3 surgeons and 1 anesthesiologist from our hospital were able to perform 34 major surgeries on cleft lip and palate, 25 minor procedures and 3 burn grafts surgeries. These surgical camps are able to provide life-saving surgeries, food and care for the patient/family, and food for the doctors, nurses, technicians, and others who helped with the surgical camp. We have our leaders and evangelists do the follow up work with patients, their parents, and relatives to give way to the extension of the Kingdom.
