

# FAMILY COMMUNICATIONS: ADULTS

Emergencies can happen at any time. Does your family know how to get in touch with each other if you are not all together?

Before an emergency happens, have a family discussion to determine who would be your out-of-state point of contact, and where you would meet away from your home — both in the neighborhood and within your town.

## Let them know you are OK!

Pick the same family member for each person to contact. It might be easier to reach someone who is out of town. Fill in this information and keep it in a safe place, such as your purse or briefcase, your car, your office, and your disaster kit. Be sure to keep it updated from year to year.

**\*Text instead of calling! Unless you are in danger, send a text. Calls may not get through, and can tie up phone lines needed by emergency workers.**

- **Try to memorize your home and parents' cell phone numbers!**
- **Cut these numbers out and keep them somewhere safe like your backpack, school notebook, purse, or wallet.**
- **Even better: put these numbers into your phone and save them as contacts.**

# Know where to go and how to get there!

## Pick a Meeting Spot

Where will you meet up with your family if you have to get out of the house quickly? Where will you meet if your neighborhood is being evacuated and you are not at home?

### In your neighborhood:

(such as neighbor's house or big tree)

---

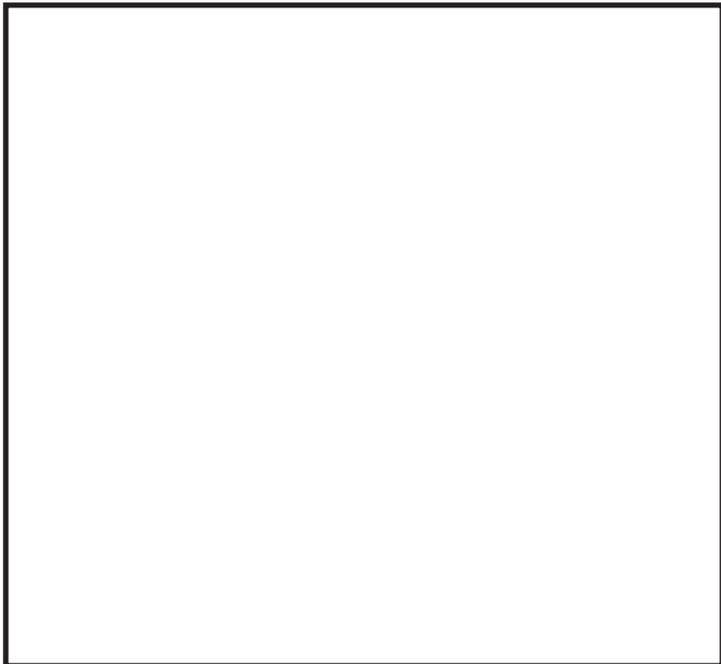

### Out of your neighborhood:

(such as the library or house of worship)

---

## Know Your Exits

Do you know at least 2 ways out of every room in your house in case of a fire? Draw a floor plan of your bedroom and circle two ways to get out.

## Draw a Map

Put a  $\Delta$  to show your home. Put a O to show your school. Mark your out-of-neighborhood meeting spot with an X and label it.
