 <p>KORE Foundations, Haiti, provides sustainable opportunities for Haitian people to overcome poverty and become self-sustaining. IDES sent funding to enable KORE to begin a pilot project (Egg Production), where two farmers were trained and equipped with chickens that would produce eggs for 300 students in one of their 39 schools. So far, they have been able to provide an “egg-a-day” for the 300 students at the school along with an additional 60 students and 30 orphans at Grace So Amazing in Mirebalais.</p>					<p><b>Pray for:</b></p> <p><b>*Current projects</b></p>
